題目內容

**Teenagers Of the 21st Century**

Julia Wen

I don't envy today's teenagers,  
 I really don't –  
 these young people have it very tough,  
 when most of them  
 only want to be  
 regular ordinary teenagers,  
 but they just simply can't!  
 with Facebook and MySpace,  
 image is everything:  
 it's like you are on show the whole while:  
 you have to post pictures of yourself  
 all the time,  
 looking cool,  
 with a healthy tan,  
 clear skin,  
 slim and not sick-thin,  
 being up,  
 smart and stylish,  
 have hundreds of friends  
 and putting across  
 the right kind of image  
 that will impress people,  
 even those whom you don't particularly care to impress...
